At Lifestyle Turf and Play we are committed to strong business ethics such as honesty and integrity, using these commitments to build long term relations with our customers, meeting and exceeding their expectations.

We show pride in all that we do.

### THE LIFESTYLE DIFFERENCE

In an industry that feels like it has become stagnant, Lifestyle Turf and Play takes great pride in the many new initiatives that we have, and will continue enhancing the industry and bringing it back to life. We offer our professional services countrywide, making us one of the largest manufacturers of alternative flooring solutions in South Africa.

Lifestyle Turf and Play is dedicated both to the environment and to the community. We commit ourselves to the recycling of redundant tyres in the manufacture of our high-quality products. We are proud to part of Community Upliftment and the development of our youth through our Young Steps Initiative, allowing large businesses and corporations to sponsor fun, safe and interactive playgrounds for schools and parks.

We are committed to strong business ethics, honesty and integrity, building long term relations with our customers and meeting and exceeding our customers' expectations. We are leaders in our industry and show pride in all that we do.

### OUR PROUD HISTORY

Established in 2017 with a combined 15 years industry experience, our objective is the manufacture of superior quality rubber safety systems. The basic technology we use to produce our matting systems was developed in Brisbane Australia and has become the global standard since its emergence over 30 years ago. Over the last couple of years, we have developed innovative ideas, which include the manufacturing of rubber safety matting for playgrounds that make them more attractive, safe and user friendly.

This innovation is one of the many exceptional developments that have come out of our establishment. The range of Lifestyle Turf and Play's goods encompass an extensive range, from horse boxes to sport matting, ballistic products and tiles for shooting ranges and anti-slip safety products for almost any application. Our rubber matting product range is not only extensive, but it is also available nationwide.

### YOUNG STEPS INITIATIVE

Lifestyle Turf and Play is dedicated both to the environment and to the community. We commit ourselves to the recycling of redundant tyres in the manufacture of our high-quality products. We are proud to part of Community Upliftment and the development of our youth through our Young Steps Initiative, allowing large businesses and corporations to sponsor fun, safe and interactive playgrounds for schools and parks.
